

## CONFIRMATION OF FINGERPRINT SUBMISSION

### Central Suitability Office (CSO)

The Crime Control Act of 1990 – Public Law 101-647 mandates the requirement for statewide criminal history background searches on individuals who are seeking a position which involves having direct contact with children. A statewide criminal history search is requested in all states where a subject has listed residency. The requests are made for any state the Subject has lived in for the past 5 years (do not include states lived in before the age of 16). Due to this mandated search, OPM has a process in place to handle these types of requests.

#### Disclaimer / Instructions

In February 2017, the Office of Personnel Management (OPM) will no longer be sending paper/email notifications for missing information or state fingerprints for child care investigations. Incomplete investigations will be made unacceptable after 14 days. Fingerprints not submitted per the OPM guidance will result in investigations being terminated and/or discontinued by OPM.

To reduce the number of returns for action, HROs must confirm to the CSO the submission of state fingerprints in accordance with the OPM Childcare Agency Guide. Confirmation of Fingerprint Submission must be provided on Gateway 2.0 (G2) for the CSO to review and submit an applicant's Electronic Questionnaire for Investigative Purposes (e-QIP).

**REQUIRED ACTION:** Complete this worksheet and upload to G2 when the applicant's e-QIP is ready for CSO review.

### SECTION I. APPLICANT INFORMATION

**NAME** (Last Name, First Name M.I.)

**REGION/INSTALLATION**
